Please see below on information on the My ISG Social Network. This document also outlines the purpose of the application as well as an overview of the core functionality.

Become a MyISG member and join other members with similar conditions. Share your thoughts, join the conversation and meet like-minded people. MyISG is a private community website for ISG members. You can follow other members and topics that interest you and make new friends with similar conditions. MyISG is a forum where real discussions take place and honest opinions are expressed.

MyISG is more than just a blogging site, we are a community. You can submit articles and by viewing the discussion in our Forums listings, you’ll be able to find and connect with members who share your interests or condition.

1. **How to Login**

You can access the MyISG network from the following URL: 

myisg.online

Alternatively, by clicking on the MyISG button on the ISG website.

**Smiley MyISG Login**

2. **How to Register**

a. **Existing ISG members**

If you are already a member of the ISG and are not yet a member of our social network please complete the following form.

http://www.ichthyosis.org.uk/my-isg/

Once your application has been approved you will be sent access details to login the website.

b. **Non ISG Members**

In order to join the MyISG Community, you need to be an existing member of the ISG. If you are not yet a member of the ISG please complete the following application form:

http://www.ichthyosis.org.uk/join-the-isg/
Once your application has been approved you will be sent access details to login the website.

3. Amend your profile – Type of Ichthyosis

Once you have logged in, please select the type of Ichthyosis so that you can share your experiences with other members with the same type. If you are a carer, please select the other relevant option.

You can view other member’s profiles to see what type of Ichthyosis they have.

4. Members / Friends

You can see all the members registered and make friendship requests. Once member(s) accepts your friendship, they will appear in your friends section.

5. Activities

This section allows you to view all the activity associated to you and your friends. You also have the option to filter by Groups, Friends etc.

6. Forums

The Forums section allows members to share thought and experiences. Members can subscribe to the forums and get alerts once a message has been added or replied to.

7. Settings

The settings section allows members to change their password and profile details. Members can also add images of themselves in this section.

8. Notification Management

Members can manage the notification they would like to receive by clicking on Settings > Email.
